**Proposed Agenda for Upcoming Telephone Interview:**

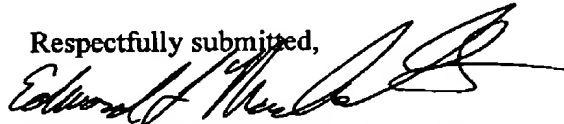

Per our telephone conversation on May 3, 2004, I will call you at 2PM Eastern Time on Thursday, May 6, 2004 to discuss application number 09/898/708.

Specifically, I would like to discuss at least the following:

- 1) What Jeyaraman teaches about collapsing nodes;
- 2) The stated rationale for obviousness regarding claim 1;
- 3) Jeyaraman Fig. 5 and accompanying description, particularly step 502 as related to what Jeyaraman teaches about matching leaf nodes; and
- 4) What Jeyaraman (cols. 7 and 8) teaches about representing a node as a concatenation of node-specific information with a combination of orthogonal values.

I look forward to speaking with you this Thursday.

Respectfully submitted,

Edward J. Marshall, Reg. No. 45,395
